- Summary
Key Principles for Success

- Faculty Perspective
  - Lecturing mode involves a new dynamic
  - Inculcate a new frame of mind
  - Maintain awareness of remote classroom
  - Develop new approaches and new habits
Key Principles for Success

Student Perspective

- One single dominant theme: “To see and be seen”
  - To see:
    - Technical aspect: Quality audio and video stream
    - Pedagogical aspect: Powerpoint presentations designed for remote viewing, sound remote presentation principles
  - To be seen:
    - Acknowledgment of remote audience: eye contact, verbal cues,
Key Principles for Success

- Podium Training
- Remote Lecture Delivery Training
- Rehearsal/Practice
Snippets for Synchronous Curriculum Delivery

- Embrace the Camera
- Acknowledge what you don’t see
- Mentally be here and there
- Be aware of the divide
- Details can make or break
Summary

- Student Perspective: To see and be seen
- Faculty Perspective: Aim for the convergence of here and there
- Importance of training
- NOTE: Going through the “Best Practices” document is a must!
