**Register to Vote**

United States citizens who would like to vote in the upcoming Presidential election and haven't registered to vote need to do so soon. The deadline to submit a voter registration by mail is October 20, 2008.

**Fill Out a Voter Registration Form Now**

Go to <http://www.sos.ca.gov/nvrc/fedform/> to download and complete the voter registration form on your computer. When you fill in your address, the address for your county elections office will automatically be added. Then simply print the form, sign it, and mail it directly to your county elections office.

All voter registration forms must be postmarked (or hand delivered to the appropriate county elections office) 15 days before an election. For the 2008 Presidential Election that deadline is October 20, 2008.

**On Election Day**
