Back to Campus 2011!
Continuing Medical Education Conference

8 AOA Category 1A Credits Available

The College of Osteopathic Medicine of the Pacific (COMP) is pleased to announce its fourth annual continuing medical education conference: Back to Campus 2011. COMP alumni and fellow osteopathic physicians are invited to campus for a day of AOA-credited CME sessions designed to promote the increased wellness of patients by enhancing physician knowledge and techniques. COMP is dedicated to providing a high-quality continuing medical education program to assist osteopathic physicians in the continued refinement of their skills.

COMP was chartered in 1977 as the founding college of what would later become Western University of Health Sciences. Through this conference, COMP strives to provide its alumni with an opportunity to continue their pursuit of “life-long learning.”

OMT Workshop

An OMT Workshop will be available after the conference. This workshop has been designed to be a “hands-on” course demonstrating various OMT techniques. If you are interested in participating in the workshop, please include this additional session on your registration form.
Registration Form

AOA#: __________________________________________________________

Specialty: ________________________________________________________

Name ___________________________________________________________

Street Address: ___________________________________________________

City ________________________________State ______ Zip ______________
