In the event of any emergency on campus that requires fire or police assistance, call 911 immediately. Be prepared to give the dispatcher the location you are calling from to expedite assistance. Remember that outside agencies will not know where University departments are on campus. Your telephone should have a small white sticker on it with the address of the building you are calling from. Tell the dispatcher the address of the building you are calling from. If your phone does not have a sticker, please contact me and one will be provided to you.
