Western University of Health Sciences Overview

Western University of Health Sciences (Western University) is a non-profit, independent, academic health center, founded as the College of Osteopathic Medicine of the Pacific (COMP) in 1977. Located on 22 acres in Pomona, California, 35 miles east of downtown Los Angeles in the Pomona Valley, the founding mission of the institution was to educate primary care osteopathic physicians for the western United States. Over the past three decades, Western University has preserved and enhanced its mission, expanding it to include educational programs in the health sciences, pharmacy, graduate nursing, veterinary medicine, biomedical sciences, optometry, dentistry, and podiatric medicine.

The College of Health Sciences supports Western University of Health Sciences (WesternU) in its mission to increase the availability of health care providers to serve the needs of the people living in the western region of the United States. In addition, the College of Health Sciences provides educational opportunities for students in a variety of health careers. There are three academic programs offered in the College of Health Sciences: Master of Science in Health Sciences, Master of Science in Physician Assistant Studies, and Doctor of Physical Therapy.

The Department of Medical Sciences joined the College of Health Sciences at Western University in Summer 2021. Prior to that, the program was housed in the Graduate College of Biomedical Sciences. They completed the program 28 months later, graduating in 1994. In 2003, the program changed the start date from January to August and accepted the first entry-level class into a three-year Doctor of Physical Therapy (DPT) degree program. In 2003, the university also welcomed the first class of 86 students to its College of Veterinary Medicine, the first and only college of veterinary medicine in Southern California. In 2008, Western University opened the Graduate College of Biomedical Sciences. In 2009, Western University added three new colleges: a College of Dental Medicine, College of Optometry, and College of Podiatric Medicine. Currently, the mission of Western University of Health Sciences is to produce, in a humanistic tradition, health care professionals and biomedical knowledge that will enhance and extend the quality of life in our communities. Within a learner-centered environment, the University encourages lifelong learning, supports faculty and student scholarly activities, provides patient care in support of clinical training, and enhances the quality of life in the region through community service. More than 1,400 students are studying each year to become health care professionals at one of the nine of the colleges of Western University.

As a full-time WesternU student, you must show, during registration EACH academic year that you have a current health insurance policy. We encourage you to “shop around” for a health insurance plan that meets your specific needs. Many students are enrolled in plans offered by Blue Cross, Kaiser Permanente, HealthNet, PacifiCare, Aetna, US Healthcare, and United Healthcare. Coverage requirements for all students seeking to waive out of the school sponsored insurance plan are as follows:

- Active coverage for the entire school year
- Deductible of \$1,000 or less per policy year
- Plan provides coverage in the United States

Should you choose not to go with another health insurance plan or if you do not show proof of insurance by the deadline, you must actively enroll in a **health plan** through Aetna. Please note that this plan **DOES NOT COVER** dental or vision. Under this plan, students have access to a network of healthcare providers. Listed below are some of the additional main highlights of this insurance plan. For complete details visit our health insurance page at www.westernu.edu/registrar/registrar-about/registration-information/student-health-insurance/ or call WesternU’s insurance broker, HSA Consulting by phone at (888) 978-8355 or by email at westernu@hsac.com.
