

Open the Zoom desktop application and click Sign In

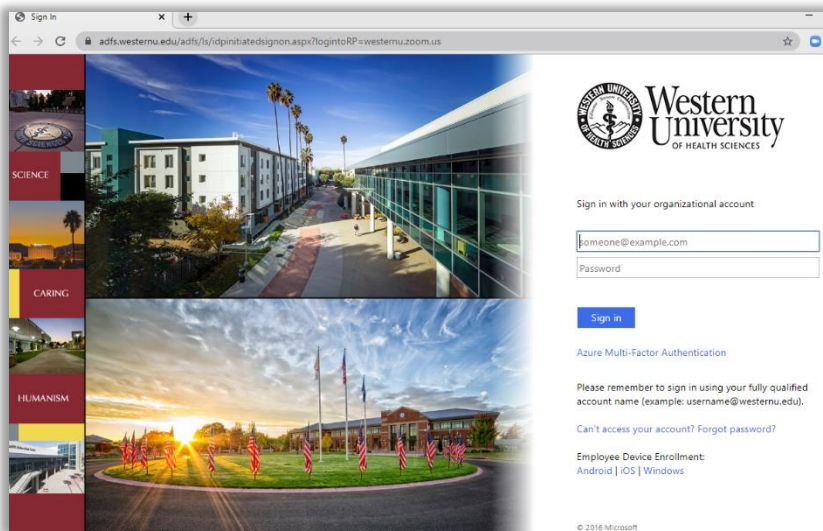

Click **Sign In with SSO**. This will ensure that you are logged into the paid WesternU Zoom account.

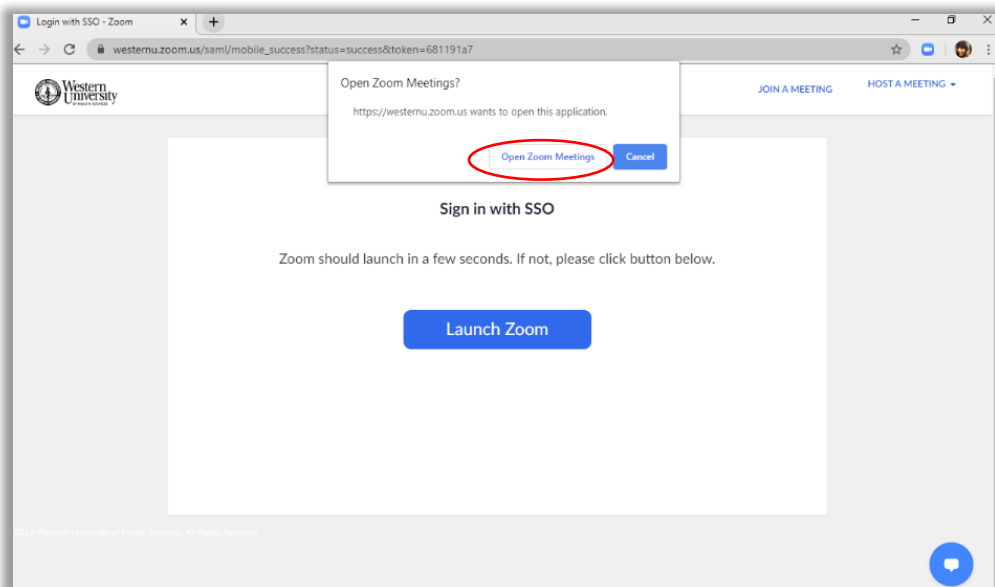

The company domain name is **westernu**, then click **continue**.

From there you will see either of these screens depending on if you have already signed into WesternU via Single Sign On (SSO) for other WesternU provided resources such as Canvas, Office 365, etc.

If you see this screen Sign In with your WesternU credentials

If you see this screen click **Open Zoom Meetings**. From there the Zoom app on your desktop will open. Now that you logged into Zoom via SSO click on the link to your Zoom meeting and you will be able to enter the the Zoom session under the WesternU account.

You'll know that you're on the correct Zoom account if you open your Desktop Zoom App and see your WesternU email address and the word LICENSED in the drop down.
