Winter Glaucoma Symposium

CONTINUING EDUCATION

SUNDAY, DECEMBER 1, 2019

EARN 6 CE CREDIT HOURS (COPE Approval Pending)

8:00 a.m. – 3:00 p.m. Lunch provided

Pinakin Davey, OD, PhD, FAAO

Dr. Pinakin Gunvant Davey, Professor and Director of Research at Western University of Health Sciences, College of Optometry. He received his PhD from Anglia Ruskin University in Cambridge, England, in the area corneal measurements and its influence on glaucoma. His post-doctoral research fellowship was on improving imaging techniques in glaucoma at the University of Louisville. He graduated with his Doctor of Optometry from Southern

Academy of Optometry College of Optometry. Dr. Davey's primary research interests are in the area of glaucoma, particularly improving diagnostic abilities and clinical management of patients.

Dr. Davey has authored over 50 journal publications and book chapters, and has given over 200 conference lectures and invited presentations both nationally and internationally.

Raymond Maeda, OD, FAAO

Dr. Maeda graduated from the Illinois College of Optometry (ICO) and completed a residency in Primary Eye Care there as well. Thereafter, he joined the faculty at Southern California College of Optometry (SCCO) with clinical responsibilities in the Ocular Disease department. His administrative duties included coordinating the 4th year outreach program and residencies at SCCO.

After 8.5 years at SCCO, he joined the Indian Health Service at Hu Hu Kam Memorial Hospital in Sacaton, Arizona. He was the Director of the Eye Clinic, which was a training facility for residents and 4th year students from many of the schools/college of Optometry. In 2008 he was the first faculty member hired at the Western University of Health Sciences College of Optometry. He holds the position of Associate Dean of Clinical Affairs and is kept busy overseeing the patient care mission and clinical education of the College of Optometry of the Eye Care Institute.
