## ANNOUNCEMENTS

**Congratulations Dr. Bellomy!** At the recent COVD meeting in Kansas City, Missouri **Dr. Linda Bellomy earned her FCOVD!!** This major accomplishment requires several essays, patient reports, and a written and an oral test.

**Dr. Naveen Yadav** is a co-author on a recent publication on mTBI entitled **“Advanced Neuro-Optometric Diagnostic Tests for Mild Traumatic Brain Injury/Concussion: A Narrative Review, Proposed Techniques and Protocols”**. The paper is mainly focused upon an advanced level of care of patients with mild traumatic brain injury (mTBI). Thus, a comprehensive set of advanced, diagnostic vision tests of a sensory and motor nature is proposed, with all having a clinical and scientific rationale.

These tests have been used by the authors for many years, with good success and providing important clinical insights into this population.

**Western University of Health Sciences** is hosting the next **Envision Conference October 5-6, 2019!** Envision Conference is the premier interprofessional conference for low vision rehabilitation. You'll have a chance to interact and network with other practitioners, researchers, occupational therapists, vision rehabilitation therapists (VRT), teachers of visually impaired (TVI), orientation and mobility specialists (O&M), assistive technology specialists, and others. You'll learn the latest advances in research and treatment as well as see exhibitors showcasing brand new technology that allow people to thrive and remain independent.
