CE Accreditation

Target Audience: Pharmacists who have completed the APhA Pharmacy-Based Immunization Delivery certificate training program and received a Certificate of Achievement or have previously completed an immunization training program and are authorized to provide immunizations in the state in which they practice.

Activity Type: Application-based

Learning Level: 3 – Substantial knowledge of and experience in the subject area of immunization is required, no prior knowledge in travel health is required.

The American Pharmacists Association is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education. The Pharmacy-Based Travel Health Services program is approved for a total of 10.0 contact hours of continuing pharmacy education (CPE) credit (1.0 CEUs). The ACPE Universal Activity Numbers (UAN) for this activity are listed below.

Successful completion of the self-study component involves passing the self-study assessment with a grade of 70% or higher and will result in 6 hours (0.6 CEU) of continuing pharmacy education credit. ACPE UAN 0202-0000-24-174-H06-P

Successful completion of the live seminar component involves attending the full live seminar, passing the

final assessment with a grade of 70% or higher, and completing the online evaluation. Successful completion of this component will result in for 4 hours (0.4 CEU) of continuing pharmacy education credit. ACPE UAN 0202-0000-24-175-L06-P / 0202-9999-24-175-L06-P

To obtain 10 contact hours of CPE credit (1.0 CEUs) for APhA's Pharmacy-Based Travel Health Services advanced competency program, the learner must successfully complete all components listed above, and CLAIM credit for each component. Learners will need to have a valid APhA (pharmacist.com) username and password, as well as a CPE Monitor account to claim credit. After credit has been claimed, please visit CPE monitor for your transcript. The Certificate of Completion will be available online upon successful completion of the necessary activity requirements on the learner's My Training page on www.pharmacist.com.

APhA's continuing pharmacy education policy provides you with two opportunities to successfully complete the continuing pharmacy education assessment. Please note that you will not be permitted to submit the assessment a third time. The current policy of the APhA Education Department is not to release the correct answers to any of our CPE tests. This policy is intended to maintain the integrity of the CPE activity and the assessment.

Release Date: February 16, 2024

Expiration Date: February 16, 2027 - PLEASE NOTE: NO Home Study credit granted after this date; Live Credit can only be granted within 60 days from the day of the seminar attended.

CLASS OVERVIEW

The American Pharmacists Association's (APhA) *Pharmacy-Based Travel Health Services (2nd Edition)* is an innovative and interactive advanced competency training (ACT) program that explores the pharmacist's role in providing travel health services to patients. This application-based activity is the first step for pharmacists interested in learning the essential skills necessary to successfully provide travel health services.

Program pre-requisite: Pharmacists must have completed the APhA Pharmacy-Based Immunization Delivery certificate training program and received a Certificate of Achievement or have previously completed an immunization training program and are authorized to provide immunizations in the state in which they practice.

INSTRUCTOR

Jason Wong, PharmD, BCPS, BCGP
Assistant Professor
Western University of Health Sciences
College of Pharmacy

COURSE GOALS

The goals of this program are to:

- Provide pharmacists with comprehensive knowledge, skills, and resources necessary to establish and deliver a successful travel health service.
- Teach pharmacists to identify at-risk patient populations in need of preventative and travel care.
- Enhance pharmacists' ability to effectively counsel patients on travel health.
- Motivate increased numbers of pharmacists to establish travel health services

There are two components to the APhA Pharmacy-Based Travel Health Services advanced competency training (ACT) program:

- 6.0 hour (0.60 CEU) web based self-study modules with case studies and assessment exam
- 4.0 hour (0.40 CEU) live seminar with assessment exam

KEY LEARNING OBJECTIVES OF THE LIVE SEMINAR

After completing the live seminar, pharmacists will be able to:

- Distinguish the information necessary to obtain from patients to conduct a quality travel health risk assessment.
- Explain elements of a 20-minute pre-travel consultation in the community pharmacy setting.
- Demonstrate appropriate health risk communication and management for international travelers.
- Select appropriate vaccinations to prevent diseases associated with travel to certain geographic regions.
- Justify the use and timing of vaccinations to prevent diseases associated with travel to certain geographic regions.

For a complete list of learning objectives and for all APhA accreditation information and policies, please visit APhA's website, <http://www.pharmacist.com/pharmacy-based-travel-health-services>.

HOW TO REGISTER

To register and receive CE credit for this course you must visit <http://pharmacyce.westernu.edu>. If you have any problems with this process, please contact Renee Cook at rcook@westernu.edu.

- Log in or create an account
- Create a profile (if not already done)
- Click on the submit link at the bottom of profile page

- Click on “Click Here to Register for Upcoming Courses”
- Click on the course “APhA’s Pharmacy-Based Travel Health Services (2nd Edition)” to register
- Click on Continue Registration at the bottom of the page (if you have a discount code, enter it into the box below the cost of the course)

Once you are in WesternU system, you will only need to log in and sign up for future courses

- Watch for an email confirmation with instructions on how to access the homestudy materials once you pay the fees
- Access your home study materials and complete ALL required items BEFORE the online live training program
- Attend the online training program & receive instructions on accessing the final exam
- Complete/pass the final exam within one week of the live training program to receive your certificate
