Alumni Relations

Greetings from the Alumni Office!

We hope that you have had enough to go on your summer break and are eager to make the most of it. Here are some tips to help you:

1. Network with alumni in your field to explore career opportunities.
2. Attend virtual events organized by alumni groups to connect with peers.
3. Consider volunteering for alumni programs or initiatives to give back.
4. Stay updated with alumni news and events through the Alumni Office website.

We wish you a great summer and look forward to hearing from you when the new academic year begins.

Alumni Relations Team

Pearlys of Wisdom

I often tell my students about the importance of being kind and honest. I believe that these traits are essential in all aspects of life, whether personal or professional. It's important to always treat others with respect and kindness, even in difficult situations.

I also encourage my students to be open-minded and to listen to different perspectives. We live in a diverse world, and it's important to remember that everyone has something valuable to contribute.

Finally, I believe in the power of education. I've seen firsthand how it can change people's lives and open doors to new opportunities. So, always be willing to learn and to seek knowledge.

I look forward to seeing all of you again soon.

Sincerely,

Professor Smith

College of Pharmacy

Western University First Places at the CPHA Patient Counseling Competition

Third-year pharmacy student, Roger I. Nguyen, received the award for the best submission in the CPHA Patient Counseling Competition. Roger’s paper was selected from a national pool of entries and was presented at the CPHA National Meeting in Toronto. The judges were impressed with Roger’s patient counseling skills and his ability to effectively communicate complex medical information in a clear and concise manner.

Roger’s success is a testament to the high level of training and education that our students receive at the College of Pharmacy. We are proud to have such talented and dedicated students.

We look forward to seeing Roger and all of our students continue to excel in their studies and careers.

Sincerely,

Dean Johnson

Pharmacy

The “Pharmacy” newsletter is a community-driven publication that highlights the latest news, events, and achievements at the College of Pharmacy. This issue features updates on student accomplishments, faculty research, and alumni events.

The College of Pharmacy at Western University is committed to providing exceptional education and training to our students, preparing them for successful careers in pharmacy. We encourage our students to stay involved and engaged with the college and the profession.

Sincerely,

Dean Johnson
